Mezzanine floors

Maximize the potential of your office building or industrial workplace with a mezzanine floor from **PDC consultancy**, and make the most of the unused space, and you could potentially double your existing floor space.

PDC consultancy offer a wide range of tailor made mezzanine floor solutions to cope with any businesses needs.

By making the most efficient use of the space you already have, we can help your business operate as efficiently as possible and combat the rising costs of rent, rates or even relocation.

- Expanding production capacity
- Improving operating efficiency
- Creating additional office space
- Enlarging retail or display areas
- Increasing your storage facilities
- Cutting operation costs

Creative use of space

Whatever the application, **PDC consultancy** delivers the most cost effective solutions to any space problem, without the cost and of moving.

When you weight up other options available, we are confident that you will not consider an alternative solution.

Storage and production

Mezzanine floors come in single tier or multi tier options, loading can be tailored to suit the storage of individual products from 3.5kN/m² (small part storage) to 15kN/m² (heavy duty).

PDC consultancy offer a choice of decking products, most common of these is P6 38mm HDPB which can withstand loads of 1.5 tonne on a hand pallet truck on centre of 488mm. Chequer plate and open steel grating can also be integrated into the mezzanine floor design.

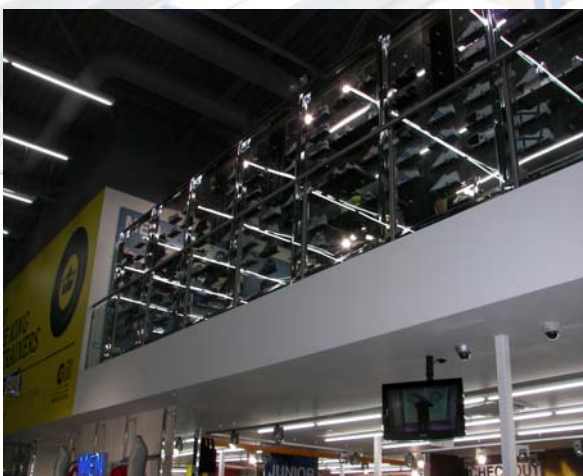

Office

When production space is at a premium, why not take advantage of the unused capacity above. The mezzanine floor option can extend or raise existing office, freeing valuable production area to help increase your company's capacity.

PDC consultancy also offers a wide range of products to compliment any office build.

Retail

PDC consultancy has been working with many of Britain's top retailers for many years, be it increasing storage capacity back of house or increasing sales floor area.

With public access staircase and handrails, any mezzanine floor can be changed into usable sales floor area.

Accessories

PDC consultancy offer a wide range of accessories to go with your mezzanine floor, from standard staircases and handrails to high quality stainless steel and powder-coated handrails, and staircases.

Utility staircase

NEW Part K staircase
